

SBJV IS LOOKING FOR QUALITY INSPECTORS TO BE PART OF THE NEW STORSTRØM BRIDGE PROJECT

EPC contract. Design and construction of the new Storstrøm Bridge, located in the southern area of the Region Zealand in Denmark, composed by a new 4Km long combined bridge with double-track railway; land based civil works, roads, paths, sub-passage, lowering of existing railway; new navigation channel.

The new bridge will accommodate a two-lane road, a double-track railway for high-speed trains, and a shared use route for pedestrians and cyclists.

Once complete, the new Storstrøm Bridge will be the third longest bridge in Denmark.

We are mobilizing and looking for 'high performing' quality inspectors to join us to deliver this project, so if you can see yourself in an international company that won the construction of the Storstrøms bridge, please go ahead and read the rest of the job advertisement.
